WAR TO THE KNIFE

Federation of Labor Will Fight Manufacturers' Association.

PLANNING TO RAISE FUNDS

Claim Is Made That Undue Pressure Is Being Brought by Manufacturers of the Country Against Organized Labor.

Norfolk, Va., Nov. 13.—That there will be a war to the knife between the American Federation of Labor and the National Association of Manufacturers was evidenced at the session of the Federation of Labor here. The federation has already taken the aggressive by looking to the establishment of a fund to fight the manufacturers through its executive council. The claim is that undue pressure is being brought by the manufacturers of the country against organized labor to the detriment of the latter, it is claimed. The manufacturers combat this is a statement made by James Van Cleave, president of the National Association of Manufacturers, in which he holds that the object of his association is to put labor on a basis whereby it may be held responsible for its contracts. As an instance he called attention to the pending suit in New York of the Typothetae against the pressmen alleging the breaking of contracts by the pressmen.

On this issue made by Mr. Gompers in seeking funds to fight the suit brought by Van Cleave, as president of the Buck Stove and Range company of St. Louis, against President Gompers and the federation, the Manufacturers' association comes out flatfooted with the statement that it will fight the boycott and the blacklist to the finish.

The report which had been circulated through the Middle West and on the Pacific slope that there is a shortage of skilled labor in the Northwest and at the navy yard at Bremerton was denounced as erroneous and a resolution adopted last month at the meeting of the Central Labor council of Seattle denouncing this report as untrue and asking the press to correct the impression as far as possible was read.

KNIGHTS OF LABOR MEET

Thirty-first Annual Session of the General Assembly.

Washington, Nov. 13.—The thirty-first annual meeting of the general assembly of the Knights of Labor convened here. It will continue throughout the week. General Master Workman Simeon Burns of Pittsburgh is presiding.

In his annual report Mr. Burns called attention to the work of President Roosevelt in his effort to curb the trusts and regulate railroads. He advised the workingmen of the country to read Vice President Fairbanks' address regarding the Chinese question.

Thomas A. Canning, general secretary and treasurer, in his report called attention to the vast number of laboring men in the country who have refused to join the trades union movement on the ground that the labor question of today is not a question of wages and hours, but a question of regulation of commodities now controlled by capitalists. He said that at each increase of wages the cost of living is increased from 25 to 30 per cent.

IMPROVE RIVER CHANNEL

Large Sum for Work Between St. Paul and Minneapolis.

Washington, Nov. 13.—In his report, which will be put before congress at the coming session, General Mackenzie, chief of engineers of the army, will ask for \$239,543 for improving the channel of the Mississippi river between St. Paul and Minneapolis and \$500,000 to continue the operations between the Missouri and St. Paul.

Estimates of appropriations aggregating \$23,461,911 are also made by General Mackenzie for fortification work during the fiscal year 1909. This contemplates work in the United States proper, Cuba, Honolulu, Porto Rico and the Philippines.

Boy Killed While Hunting.

Benson, Minn., Nov. 13.—The fourteen-year-old son of Anton Enge, living about twelve miles south of Benson, was accidentally killed while out alone in a boat and failing to return search was made and his body was found in the boat. He evidently had been pulling the gun towards him, as nearly the full charge had gone through his heart.

Brothers Die From Wounds.

Rapid City, S. D., Nov. 13.—John and Joseph Graves, noted colored sprinters, are dead here as the result of knife and club wounds inflicted in a fight with Ed Wallace, also colored, several days ago. Wallace claims self-defense. It is alleged that Wallace was beating a woman and the Graves brothers interfered.

If your dealer hasn't it, Slipp-Gruen hagen have.

MONEY FOR NORTHWEST.

Government to Deposit Half Million in Twin City Banks.

St. Paul, Nov. 13.—Additional government deposits to the amount of \$500,000 will be made in the banks of the Twin Cities as soon as arrangements can be made for forwarding the money.

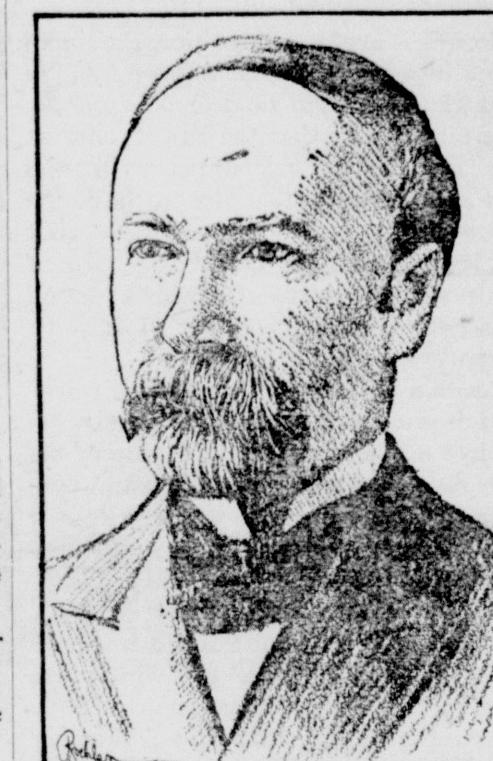

The money will be divided evenly between the two cities, St. Paul getting \$250,000 and Minneapolis the same. The deposits in St. Paul will be made with the regularly established government depositories and thus the larger banks will get the money, but the smaller banks will be indirectly benefited.

The determination of Secretary Cortelyou to help out the financial situation in the Northwest resulted from representations made to the president and secretary of the treasury concerning the urgent need of money to move the crops and while the relief agreed upon is comparatively small yet it will be of some assistance, and the hope is that further government deposits may be secured.

FAIRBANKS IN WRECK.

Vice President and Party Receive Severe Shaking Up.

Washington, Nov. 13.—Vice President Fairbanks and a distinguished party of court officials of this city were in a wreck on the Baltimore and Ohio railroad at Weverton, Md., in which Fireman Clarkson was severely injured and the passengers were badly shaken up. The vice president, as well as those who accompanied him, escaped injury. He was in the private

CHARLES W. FAIRBANKS.

car of President Murray of the Baltimore and Ohio.

The party were on a special train returning to Washington from Hagerstown, Md., where they had been to attend the funeral of the late Judge Louis E. McComas of the court of appeals of the District of Columbia. Upon leaving Weverton Junction the brakeman let the train on a blind switch, the engine being ditched. The roar of escaping steam from broken pipes under the private car threw the occupants into a panic, but quiet was soon restored and it was found that beyond a severe shaking up nobody was hurt.

The car was extricated from the wreck and soon sent on to Brunswick, where it was picked up by a passenger from the west, arriving in Washington an hour and a half later.

TO ISSUE GRAIN CHECKS.

Bankers and Dealers Agree on Plan to Move Crops.

Sioux City, Ia., Nov. 13.—Grain checks will be in circulation throughout the towns and surrounding country and will be accepted as cash by jobbers as well as merchants and small business houses beginning Thursday morning. A committee of bankers and dealers in session at the Commercial club completed the arrangements for this scheme for moving the grain. The grain dealer who purchases the grain from a farmer will issue a ticket to him indicating the number of bushels, price paid and the face value of the ticket. These tickets will be stamped across the face "Payable in Sioux City or Minneapolis exchange." Bankers and grain dealers from Iowa, Nebraska and South Dakota towns were present at the meeting. Thirty banks have agreed to support the plan.

CONSPIRACY TO DEFRAUD.

Bank Cashier and Business Man Under Arrest.

Pittsburgh, Nov. 13.—Immediately following the closing of the People's bank of California, Pa., near here, by State Examiner Willets Byrns, Oliver P. Piper, the cashier, and William L. Lenhart, a Pittsburg business man, were arrested charged with conspiracy to defraud the bank. Both waived examination before a justice of the peace and were held for court under heavy bond. Piper's bondsmen paid over to the bank \$20,000 towards the alleged shortage, which is unofficially placed at \$65,000.

Strike Having Little Effect.

Havana, Nov. 13.—The negotiations looking to a settlement of the railroad strike have been abandoned. The strikers insist on an eight-hour day and payment in American money. The strike is not seriously affecting railroad traffic.

BATTLE WITH INDIANS

Six Utes Reported KILLED in Engagement With Troops.

SOLDIERS SUFFER NO LOSS

Conflict Occurs Close to the Navajo Reservation, to Which the United States Troops Have Been Attempting to Compel Indians to Return.

Durango, Colo., Nov. 13.—A report has reached here that a battle occurred at McElmo canon between Ute Indians and United States troops in which six Indians were killed. No soldiers were killed or wounded. McElmo is in Montezuma county and close to the Navajo reservation. The Utes have been resisting the attempts of the soldiers to compel them to return to their reservation. The report of the battle cannot be verified at this time, but is believed here.

PEONAGE CONVICTIONS.

Federal Court of Appeals Sustains Missouri Verdict.

St. Louis, Nov. 13.—The decision of the lower court finding seven Missourians guilty of peonage and imposing prison sentences has been affirmed by an opinion handed down simultaneously at the office of the federal court of appeals here and in St. Paul. The opinion was written by Judge Adams. Charles M. Smith, Sr., Charles M. Smith, Jr., William Woods, Benjamin Field, Benjamin Stone and W. Lee Rogers were found guilty by direction of the United States court of the Southern division of Missouri and their punishment was fixed by sentences to imprisonment from one year and six months to three years and six months and fines of from \$100 to \$5,000.

The men were charged with keeping forty negroes at work on plantations near Siloam, Mo., guarding them day and night and depriving them of their liberty.

OWING TO IDLE RUMORS.

Run Results in Closing Bank at Portland, Ore.

Portland, Ore., Nov. 13.—The Merchants' National bank of this city is for the time being in the hands of the comptroller of the currency. Idle and unfounded, but persistent rumors, resulted in heavy withdrawals lately. Though said to be strictly solvent the bank is obliged to close temporarily, awaiting the advices of the comptroller of the currency, to whom the bank has wired details of the situation.

With \$5,212,052 on deposit at the close of business Aug. 22 last, when the comptroller called for a statement of the condition of all national banks, the bank's liquidation since that date has been over \$2,300,000, of which amount \$1,500,000 has been withdrawn since the holiday season began, Oct. 29. This run means an average withdrawal of cash from the bank of more than \$100,000.

TRAIN STRIKES STREET CAR

Thirteen Persons Injured in Chicago Crossing Accident.

Chicago, Nov. 13.—Thirteen persons were injured, two of them probably fatally, when a milk train on the Baltimore and Ohio railroad backed over on an unprotected crossing at Seventy-ninth street and struck a crowded South Chicago car.

The street car, carrying nearly fifty passengers, was struck broadside by the milk train and practically demolished. The car at the rear of the milk train was overturned in a ditch beside the rails and the car following it was derailed. The crash, according to passengers on the electric car, came without warning. The conductor of the car claims to have been deceived by the appearance of the backing train and, believing that it was leaving instead of approaching the crossing, gave the signal to cross the tracks.

FIGHT FOR PROHIBITION.

W. C. T. U. Convention Raises Funds for That Purpose.

Nashville, Tenn., Nov. 13.—At a session marked by its enthusiasm the National W. C. T. U. convention raised \$6,500 to prosecute the fight for prohibition. With a "here" that rang through the great auditorium Mrs. Carrie Nation made first response to the appeal, starting the subscription with \$100, and when her name was announced thunders of applause shook the building. Following Mrs. Nation's pledge state organizations responded freely and citizens' organizations of Nashville contributed liberally.

Strike Having Little Effect.

Havana, Nov. 13.—The negotiations looking to a settlement of the railroad strike have been abandoned. The strikers insist on an eight-hour day and payment in American money. The strike is not seriously affecting railroad traffic.

PASSED TWO WORTHLESS CHECKS

A. A. Cowdon, Formerly Northern Pacific Employee Swindled Two Merchants

CHECKS WERE FOR \$15 EACH

L. J. Cale Paid One But no Other Merchant will Acknowledge the Corn

A. R. Cowdon, said to have formerly been employed as a freight conductor on the Northern Pacific railroad, victimized business men to the extent of \$30 Monday evening. He did his work by drawing checks on himself and endorsing them on the back. He came into Mr. Cale's store shortly before closing time Monday evening and presented a check for fifteen dollars on the Northern Pacific bank. The Citizens State bank still honors checks drawn on the old Northern Pacific blanks and so Mr. Cale called up Mr. Dunn at his residence. That gentleman said he could not tell whether the check was good or not. He could not keep track of all the small depositors. Mr. Cale accepted the check, paying part in merchandise and part in cash. On Tuesday morning the check was cashed by the clerks in the bank, but after the close of business was returned by the bank to Mr. Cale as worthless.

Another check, drawn on a First National bank blank was cashed by another merchant and turned into the Citizens State bank, which was for the same amount and drawn by the same man. It is reported that it was cashed by Mr. Skauge, the Laurel street druggist, but that gentleman denies that this is so. Mr. Dunn, of course, declines to state who the gentleman was that cashed the check, though stating that it was presented at his bank by a merchant who had cashed it.

James Murphy states that the man came into his store and wanted him to cash the check but he declined to do so. The man said that the bar tender at the Buffet was acquainted with him and Mr. Murphy told him to have the bar tender cash it. As the fellow went out it is thought that he took a pair of pants as they were afterwards found in a barrel of rubbish near Johnson's pharmacy.

Cowden is described as being fairly well dressed and wearing a mustache. He had a bad scar on one side of his face resulting apparently from an operation of some sort. He was well known to old time Northern Pacific employees. Mr. James Smith, of the City hotel, was acquainted with him, it is said, and he asked Mr. Smith for a letter to K. M. Nicoles, train master, which Mr. Smith gave him. He is said to have had supper at the City hotel Monday evening and undoubtedly left town that same night. He had apparently been drinking that night but was in a condition to transact business.

"Alice in Wonderland"

Arrangements are completed by the ladies' committee of the 1st Congregational church with Col. John F. Bragg of New York for its presentation at the Brainerd opera house early in December.

Almost every man, woman and child in the land is familiar with Lewis Carroll's popular fairy tale of "Alice in Wonderland." It is comparatively of recent date, however, that the book has been dramatized and set to music, but the success has been remarkable. The peculiar and odd characters which Alice saw in her wonderful dream will be enacted on the stage, interspersed with bright songs, specialties, marches, dances, etc.

In order to do justice to Miss Leonardi's work it will require about 200 of Brainerd's best talent who will be assigned to the various speaking and singing parts by Miss Buch, an instructor from New York. Preliminary training will commence soon, and in due time other instructors will arrive from New York to assist in rehearsals. The entire production is under the management of Col. John F. Bragg of New York, who will be here in person to superintend each performance.

Over 500 gorgeous costumes are used which are furnished by the management. The properties, electrical and calcium effects are beautiful, and "Alice in Wonderland" is without doubt the most pretentious amateur opera ever given in our city. The Congregational church is in need of money, and large audiences are expected. Full particulars will be advertised in subsequent issues.

Hooligan in New York

"Hooligan in New York," which comes here Nov. 19 at the Brainerd opera house can truthfully be termed the quintessence of fun. Unlike most comedies it has a plot, and this plot is in the main responsible for the many ludicrous mishaps and complications that round out a solid three hours of fun. The company that will present "Hooligan in New York" has been carefully selected. The audience has yet to be met which has not been captivated by this mirthful comedy, and its many special features. Not a little of the fun is furnished by Flip, Hooligan's dog, which has been trained and drilled by one of the best animal trainers in America.

"The Land of Nod"

For a clean, wholesome and enjoyable entertainment, "The Land of Nod" which comes to the Brainerd opera house Thursday Nov. 4, will keep you awake and make you sit up and take notice. It is what is termed "up to the average" in municipal plays, but is far superior and a decided innovation in the amusement line. The Rork company has given the stage another musical play equally as good as their "Coming Thro' the Rye," which is another of their attractions. If you want to be taken back to your childhood days, attend a performance of "The Land of Nod." Here you will meet the "Sand Man," the "Jack of Hearts," "Welsh Rarebit," "The Man in the Moon," "April Fool" and other strange characters of childhood dreams. The story and plot are well worked out. "Bonnie" a little girl falls asleep in her home garden and is transformed to "The Land of Nod" where she meets all sorts of queer creatures and people.

Among the principals are such well-known names as Knox Wilson, Bessie Clifford, William Friend, Helen Darling, Lawrence Coevers, Ursula March and Anna McNabb. Another feature of the production is the famous Madcap Ballet and Beauty Chorus. Taken as a whole "The Land of Nod" furnishes an excellent evening's entertainment.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Henry E. Jones, of Tampa, Fla., writes: "I can thank God for my present health, due to Foley's Kidney Cure. I tried doctors and all kinds of kidney cures, but nothing done me much good till I took Foley's Kidney Cure. Four bottles cured me, and I have no more pain in my back and shoulders. I am 62 years old and suffered long, but thanks to Foley's Kidney Cure I am well and can walk and enjoy myself. It is a pleasure to recommend it to those needing a kidney remedy.—H. P. Dunn."

CONFESSON OF ADAMS

Introduced in Evidence at His Trial for Murder.

LONG AND BLOODY STORY

Murder of Two Claim Jumpers in Idaho Described in Detail—Confession Opens With Preliminary Talk of Assassinating Steunenberg.

Rathdrum, Idaho, Nov. 13.—The confession of Steve Adams made in the office of the warden of the Idaho penitentiary Feb. 27, 1906, in the presence of James McParland, a Pinkerton detective of Molly Maguire fame, and W. B. Hopkins, was introduced in evidence at the trial of Adams for the murder of Fred Tyler.

In the confession Adams is quoted as saying that he met Moyer, Haywood and Pettibone in Colorado "the summer following Arthur Collins' assassination at Telluride" and that he had been intimately acquainted with them up to the time he left Colorado.

"They told me to go out to Idaho and meet Jack Simpkins," Adams is quoted as saying. "That he wanted to see me on some business in regard to Governor Steunenberg and that I would meet him near Wallace, Idaho, at Wardner, I believe."

The confession deals with preliminary talk about the proposed assassination of Governor Steunenberg. This talk had occurred shortly after the dynamiting of the depot at Independence in 1904. It was about a month after that that Adams started for Idaho. The talk had taken place in Pettibone's back room and besides Adams there had been present Haywood and Pettibone. The confession continues:

"They just told me to go up and see Simpkins, as he wanted to see me, and he would probably tell me about the Steunenberg matter, as they wanted to get Steunenberg."

"Did you have any money?"
"They gave me \$200 to go up there on."

Receives Money From Pettibone.
"Who gave you the money?"
"George Pettibone."

After meeting Simpkins Adams says he lingered but a short time in Wardner, but left soon for Simpkins' claim, about fourteen miles above the head of navigation on the St. Joe.

"There were claim jumpers in there," Adams is quoted as saying.

"Simpkins said that if I helped him to get rid of those fellows he would give me \$300. Two of these men were killed."

"Who assisted in the killing of these men?"
"Newt Glover, Jack Simpkins and myself."

"How did you carry out the murder of Tyler?"

We went one night, Newt Glover, Alvah Mason and myself, to Simpkins' cabin, made some coffee and had breakfast and in the morning we went over to try to catch Tyler in his cabin on Jack Simpkins' claim. He was gone, so we laid there until sundown. He never returned and we started up to a spring and while we were drinking we heard some one coming. I got my Winchester and, standing by the side of the trail, never moved. I saw it was Tyler coming. He had a big gun buckled on him. I stepped out on the trail and told him to throw up his hands. We then disarmed him, took him to Simpkins' cabin and stopped there till morning, when we took him three miles out in the timber and killed him."

"What was done with the body?"
"It was left lying between two logs."

"Who did Tyler say placed him on the claim?"

"A fellow named Lewis—a banker, I think, from Spokane—but I cannot say positively."

Tells of Another Crime.

"After that what occurred?"
"I went down and met Simpkins at Harrison and told him what I had done; that he did not have any jumpers on his claim."

"In about a week or thereabouts, or probably two weeks, we went back up there and met a fellow named Boule and another man coming down the trail near Simpkins' cabin. We opened fire on them, killing Boule; Jack Simpkins, I and Newt Glover."

"How did it happen that the other man got away?"

"We missed him; he was dodging. We shot at him."

Following the confession of the shooting Adams relates how he had left the Marble Creek region; how he had waited after the sheriff had gone in and found the body of Boule and how the cabins of three of the jumpers had been blown up.

The sheriff had found but one of the bodies—that of Boule—which was lying a short distance from Simpkins' cabin. Adams did not meet the sheriff, but Simpkins met him.

"After this was over did you get the \$300 from Simpkins?"

"I did not."

"What excuse did he give?"

"He said that all the settlers were going to help pay it, but they did not come in with the money. I got \$120. Mason gave me \$100 and Simpkins gave me \$20 when I left."
